### **Update from Straticon**

Billy Mitchell says they are all done compacting. He is ahead of schedule, and the 10 ft high wall is finished. Trees will be planted as soon as he sets up an irrigation system so Riverland does not have the responsibility of watering them after they are newly planted. (Well water will be used) He must connect into the city water system which will require tearing up a portion of Riverland driveway and then repaving. Straticon will provide flagmen to direct traffic while our driveway is torn up, one side at a time.

Suzanne Morgia, a shareholder on 9<sup>th</sup> St., complained of cracked ceilings from all the compacting, as well as doors hard to shut.

Another shareholder, Irma Mori, complained of settled floors and squeaking. Billy Mitchell, from Straticon agreed to send someone from Straticon to go into the homes and check out these complaints. If Straticon determines it is from their compacting, they will make good.

Billy Mitchell stated at some point a drone will fly over taking pictures of the new condos and Riverland and he will see to it we get a copy.

### **B) NEW BUSINESS**

- 1) With people in our community getting Covid, the Board made the decision to limit activity in our clubhouse for the entire month of January. The 30 days is up, and the ban has been lifted. If you feel the need for protection, you can wear a mask.
- 2) Introduction of the three 2022 Board members: Joanne Collagan,

Don Barber & Neal Potts.

- 3) After much discussion on the serving of alcohol in Riverland, Roy Lewis who is retired from a career in insurance, presented several scenarios reflecting how Riverland could come to an agreement.
- 4) Bunky Barstow suggested Riverland remove the current rule we have Article 13 Rule C.
- 5) Don Barber quoted the State Statute which clarified the liability for selling alcohol, not just serving it. Much back-and-forth discussion followed and the final determination was when Don Barber made a motion to have Article 13 Rule **C & E2** stricken from Riverland Rules & Reg. Therefore, adding to Article X "The sale of alcohol beverages, or the manufacture of alcohol beverages for sale, or any activity covered by Florida Statutes 768.125...better known as Florida's Dram Shop Law...is specifically prohibited". Bunky Barstow seconded it. Majority, yes vote from the Shareholders with no proxy.
- 6) Judy Steele asked the board to table the future stop signs or have "stop" painted at the end of every street on the pavement.
- 7) Joanne Collagan made a motion to adjourn the meeting. Seconded by Cliff Wedel. All in favor.
